GREEK TRADITIONAL DIPS & SPREADS

HISTORY OF ALPHA GEFSI

Alpha Gefsi is a family-owned business, which is established in 1998, at the Northern Greece under Mount Olympus. It is specialised in the production of Traditional Greek Dips and Spreads out of the finest local supplies. The goal is to make extremely tasty Mediterranean delicacies that represent the (ancient) Greek gastronomy at its best.

Greece has been known around the world from its lovely variety of foods, such as Feta Cheese P.D.O., Greek Yoghurt, Extra Virgin Olive Oil, etc. Alpha Gefsi has actually developed more than 30 exclusive recipes, based on these amazing goods.

Tzatziki, Hummus, Spicy Cheese Dip with Feta P.D.O., Spreads with Greek Yoghurt and Sun-dried Tomato, are just a few Dips of our wonderful range.

They can be combined perfectly with all kinds of meals and appetisers, but casually they are served by a breadstick or a piece of pita bread to dip in and enjoy a yummy quick snack!

"Gefsi" stands for "Taste". Alpha Gefsi distinguishes itself from the competition, by its superior tasting. We honor the Greek tradition and at the same time, meet the new eating trends of the market. We make use of a selection of high-end ingredients, that are individually tested before they are blended; offering a unique taste!

Demand of spreadable products has been increasing nowadays and Alpha Gefsi under its brand is already supplying massively the largest Super Market chains across Greece and other countries.

Establishing its brand at all major food shows around the world (such as Anuga, Sial Paris, PLMA etc.), and extending the product shelf-life up to 6 months, allowed Alpha Gefsi to expand to EU, N.America, Asia and Oceania.

The production unit works in compliance of international organisations, assuring quality and safety of its products, by BRC, IFS & ISO22000.
